BUILDING HEALTHY CHOICES
Our Challenge

- Existing Recreational Open Space Ratio
  - 0.9 acres per 1,000 population

- Santa Ana Municipal Code
  - Section 35-108 – indicates “Development of parks…. shall be sufficient to provide two(2) acres per one thousand (1000) population in the city”
New City Park Sites (6 New Projects)

A New Ratio

- 1.48 acres per 1,000 population
How we fix things in the parks

General Maintenance Staff

Contracts
PRCSA addresses park repairs in two ways

Agency Staff
- 5 General Maintenance Workers
- 1 General Maintenance Leader
- 1 Contract Administrator

Contract Services
- $100,000 General Fund available
- $500,000 was available in the General Fund a few years ago
Resources Available

- Request for repairs are received from various sources

- The Contract Administrator prioritizes work based on the following criteria:
  - Health & Safety – Immediate/Agency Priority
  - Safety & Preventative Maintenance
  - Routine
Resources Available

- Assignments
  - General Maintenance Staff
    - Work that can be repaired in less than 2 or 3 days
  - Contracted Out
    - Work that is complicated
    - Needs special equipment
    - Will take over 3 days
Current Needs

- Two General Maintenance Worker position
  - vacant and needs to be filled

- Ideal funding for Contract Services
  - $500,000 to contract repair work
Communication Process

The Community Services Supervisors are the community’s first point of contact on anything related to parks, trails, recreation centers, programs, and services.
